Shannon Strickland Inspiration Award

In August 2013, we lost one of our dedicated students. Shannon Strickland was diagnosed with cancer in August of 2010. During her three year battle, Shannon never gave up hope that she was going to be healthy again. Even though her life ended much too early, her indomitable spirit to never give up and never be defeated inspired countless people and dancers. This year's recipient, as voted by her peers, is recognized for her ability to inspire others.

The studio is proud to congratulate **Ashlie Hanson!**
